Soft Skills: Communication, Leadership

PROJECTS

Blog Project [↗](#) | Javascript, React.js, Redux, Tailwind CSS, Appwrite, TinyMCE, Material UI

2024

- Implemented blog creation, editing, and deletion using Appwrite's database and file services.
- User authentication and role-based access control using Appwrite's authentication services.
- Integrated TinyMCE for rich text editing to format blog content.
- Styled the blog interface with Tailwind CSS for responsive design across different devices.
- Managed global state with Redux for user session and post data handling.
- Used Material UI components for an enhanced and modern UI experience.

CryptoNexus [↗](#) | React, JavaScript, CoinGecko API, Redux, Tailwind CSS

2024

- Implemented cryptocurrency data fetching from CoinGecko API and displayed real-time data for various coins.
- Created dynamic search and filtering features to allow users to search for specific cryptocurrencies.
- Integrated Redux for state management, including handling currency and symbol changes globally.
- Built responsive and modern UI using Tailwind CSS, ensuring seamless experience across all devices.
- Implemented pagination and navigation between different coin pages for a more intuitive user experience.

EXTRACURRICULAR

Broadcast Msit (College Society)

Technical Team Member

- Enhanced the functionality and user experience of the Broadcast MSIT website while applying technical skills to support broadcasting initiatives.
- Invited industry speakers for events, fostering valuable connections and contributing to community engagement efforts.

Microsoft Student Chapter - MSIT(College Society)

- Member of Web Development Department, where I will be collaborating with my peers to contribute to various projects.
